

Our strategy from 2025

Community
Foundation
North East

We are a charity that since 1988 has guided effective giving so people can change the world on their doorstep.

Our vision

A North East where everyone can be part of thriving, generous and inclusive communities.

Our mission

To build a thriving, generous and inclusive North East today and for generations to come by inspiring philanthropy, investing in communities and influencing change.

Impact Areas

The regional challenges we'll focus on:

Tackle poverty

Widen access to opportunity

Improve health and community safety

Strengthen culture and community life

Sustain our environment

Pillars

What we'll do to achieve our mission:

Inspire philanthropy: engage more people and businesses in giving money, time and expertise, and increase focus on areas where current and future donors can have the most impact.

Invest in communities: harness more funding and support to have a long-term impact on the challenges facing our region's communities.

Influence change: shine a light on our region's challenges and use our knowledge and networks to champion actions which better address them.
