Call for Applications

The Culture Bridge North East Fund
Supporting access and inclusion to quality arts provision for young people across the North East

[Apply](#)

The Culture Bridge North East Fund provides grants of between £500 and £1500 to support working relationships between cultural organisations/arts practitioners on one side and schools/youth setting on the other. Priority will be given to projects working with young people for whom access and inclusion with quality arts activities is difficult.

Culture Bridge, a programme managed by Tyne & Wear Archives and Museums, established The Culture Bridge Fund with a gift of £100,000 in 2017.

The fund supports projects which develop links between the education sector and the arts and culture sector for arts activities benefiting children and young people across the North East region.

The awards are made by a panel drawn from the education sector, arts and culture sector and business. Previous awards have included school trips to museums, galleries or theatres as well as direct interventions such as a theatre company working with a whole class to write and stage a new play.

Applications can come from either the education or youth setting or the arts organisation. If you are a school please pay particular attention to what your governing structure is. Community Schools under the control of the local authority can apply in their own right.

Other types of schools that operate independently as charities and or companies may also do so. But if a school is run by an educational charity, multi-academy trust or diocese then it is that organisation that must submit the application and be responsible for holding the grant.

Please speak to the fund manager in advance if you're not sure. The strongest applications will be those that evidence a partnership approach but we understand that sometimes it is not possible before the funding is secured. The fund is not available to freelance artists, although we encourage organisations to reference them where applicable.

Grant Range: £500 - £1500
Closing Date: Wednesday 5 January 2022

The 1969 Willan Charitable Trust
The 1969 Willan Charitable Trust

[Apply](#)

The 1969 Willan Charitable Trust will fund registered charities, exempted and exempted organisations, whose activities benefit residents of Tyne & Wear, Northumberland, County Durham and Teesside. Priority will be given to those which ease social deprivation and/or enrich the fabric of the local community and the quality of life of individuals within that community.

Examples of projects that the 1969 Willan Charitable Trust will fund include:

- Projects that meet the needs of communities experiencing high levels of deprivation.
- Self-help initiatives that improve local quality of life.
- Services for young people that address educational needs or offer diversion from crime and anti-social behaviour.
- Projects assisting local communities affected by crime and anti-social behaviour.

Scroll down the page and you will be able to see the full list, once you have found a fund your organisation is eligible for then click the 'Apply' button alongside the relevant call. It may be worth taking a note of the grant range and the date the fund closes so that you know when it needs to be submitted by.

General Applications.

This box is used to complete a general application form which will be put to all of our fund managers at a meeting held every two weeks. You only need to click on general applications once to open a new form, you can then go to 'edit application' if you wish to continue completing it. If you do click more than once it will create a brand new form every time.

Are you a Community Interest Company (CIC) or other non-charity social enterprise? If so, you must be able to send us a current, sound business plan. The plan should show you have a model to earn income from trading good and services. We normally only fund the charitable costs of starting up an enterprise, trading in a new market or developing new goods and services. We do not normally fund the costs of continuing services for CICs and other non-charity social enterprises.
